The Mountain Views School District proposes to incur bonded indebtedness for the purpose of construction of a new Union Middle/High School and to install athletic fields and related outbuildings and structures, and to demolish, remove and dispose of the existing Woodstock Union Middle/High School in Woodstock, Vermont, in an amount not to exceed \$99,000,000.

The Vermont school construction aid program has been suspended since 2007. Accordingly, State funds may not be available at the time this project is otherwise eligible to receive State school construction aid. The District is responsible for all costs incurred in connection with any borrowing by the District for the Project in anticipation of State school construction aid. To meet this responsibility while limiting impacts to district taxpayers, the district intends to use other funding sources such as Inflation Reduction Act funding for renewable energy projects and amounts raised through private fundraising.

Shall the bonds of the Mountain Views School District in an amount not to exceed \$99,000,000 be issued for the purpose of construction of a new Union Middle/High School and to install athletic fields and related outbuildings and structures, and to demolish, remove and dispose of the existing Woodstock Union Middle/High School?
